

HOLLY ANDREWS

MSc

Planning Associate

604-228-1855 ext.4 holly@ecoplan.ca

Holly is an associate planner with professional experience in community planning, climate change adaptation, local economic development, and planning for healthy communities. She also brings unique expertise in socio-cultural impact assessment and program evaluation, with an emphasis on working with and for Indigenous communities. Holly has a background in traditional land use research and is passionate about working on projects that contribute to livability, resilience, and decolonization. She holds a master's degree in resource management and environmental studies from the University of British Columbia.
